

Professional Summary

Results-driven Supply Chain & Logistics professional with 5+ years of experience. Currently leading 3P network optimization for Spain, Portugal, and Italy at Amazon, owning 3P Speed across 11 carrier partners delivering 170MM+ packages annually. Proven impact across cost, speed, and service performance, including ~€2M yearly cost reduction scope and +1,600 bps YoY speed improvement for Spain's largest carrier partner. Strong analytical toolkit (SQL, Amazon Quick Suite/QuickSight, advanced Excel) combined with Mechanical Engineering and Finance background.

Work Experience

AMAZON LOGISTICS – Paris, France

3P Network Design Manager (Last Mile Transportation) | Jan 2023 – Present

- Own 3P Speed strategy and network optimization for Spain, Portugal, and Italy, managing 11 external carrier partners delivering 170MM+ packages annually.
- Delivered €2M yearly cost reduction scope across ES-PT through network design optimization, lane strategy, and partner portfolio rebalancing.
- Improved next-day delivery speed for Correos (largest carrier partner in Spain) by +1,600 bps YoY (~85% improvement) through network redesign and performance-driven execution.
- Led performance improvement plan for InPost in Poland, increasing on-time delivery by +130 bps YoY (+1.3%) through deep-dives, root cause analysis, and partner execution tracking.
- Over 3+ years at Amazon, drove network design initiatives across Benelux, the UK, and 15+ emerging markets (CEE, Baltics, Balkans), optimizing operational performance at European scale.

SCANIA – Tucuman, Argentina

Mechanical Engineer Trainee | Dec 2020 – Dec 2021

- Developed Power BI dashboard tracking \$1MM inventory, reducing tool downtime by 15% in 2 production lanes.
- Managed tool sharpening logistics and optimized maintenance workflows with cross-functional teams.

MARKET ONE – Tucuman, Argentina

Software Developer | Jul 2020 – Jan 2021

- Built Python web scraper with SQL pipeline and Power BI dashboards automating competitive analysis for 2,000+ products across 10 LATAM marketplaces, improving margins by 3% through data-driven pricing strategies.

Education

Audencia Business School – Nantes, France

MSc Management-Engineering (Programme Grande Ecole), Corporate Finance | 2022 – 2023 (GPA: 17.1 / 20)

Universidad Nacional de Tucuman (UNT) – Tucuman, Argentina
